IDENTIFIERS *Texas Prefreshman Engineering Program

ABSTRACT

The Texas Prefreshman Engineering Program (TexPREP) was established in 1979 at 10 college and university campuses in the state to identify high achieving middle/high school students interested in pursuing engineering or scientific careers and to give these individuals reinforcement to pursue future college studies. This annual report features information on program goals, components, approaches, and outcomes as of 1993. The first section, which reviews goals and operations, explains that TexPREP provides selected students with an academically intense 8 week summer program which stresses the development of abstract reasoning skills, problem-solving skills, and career opportunities in engineering and science through classroom and laboratory experience. This section also provides summaries of site activities and the 1993 TexPREP financial statement. The bulk of the report consists of the following appendixes: (1) a summary of operations; (2) program evaluations by site; (3) data on the ethnicity, gender, and grade level of 1993 TexPREP scholars by site; (4) a list of citations and awards; and (5) data from surveys of the academic status of former TexPREP participants, program distribution of participants (1979-1993), and TexPREP growth rate (overall and by site). These reports indicate that, since 1979, 8,067 students have successfully completed at least one summer of TexPREP, with 79% of participants coming from minority groups and 53% being females; 100% of the college-age respondents to follow-up surveys had graduated high school; and 92% had graduated from or were currently in college. University of Texas-Pan American
University of Texas at San Antonio

SUBMITTED BY:

Dr. Manuel P. Berriozábal
TexPREP Coordinator
The University of Texas at San Antonio

ACKNOWLEDGMENT

The sponsors and benefactors of TexPREP are the backbone of its success and progress. Without their support, encouragement, and interest in TexPREP, it would not have risen to the level of national prominence that it has gained.

It is through the hard work and commitment of participants, staff, and benefactors that TexPREP has received many commendations. Among these are an Education Award from the Ford Motor Company Hispanic Salute, selection as a 1992 Star of Texas in the Lone Star Showcase and Salute to Community Service, a Certificate of Merit in the Anderson Medal Competition from the Business-Higher Education Forum of the American Council on Education, and a commendation from the Texas Senate through Resolution #215. PREP was among six national finalists for a U.S. Department of Labor Summer Youth Program Presidential Award.

The TexPREP Program is making a difference with the children and educators of Texas. We would like to extend our sincerest thanks to you for your support in making TexPREP a success.

Manuel Berriozábal

Manuel P. Berriozábal
Coordinator, TexPREP
Professor of Mathematics
The University of Texas at San Antonio

TEXAS PREFRESHMAN ENGINEERING PROGRAM SUMMARY
(1979-1993)

Since the Summer of 1979, a partnership consisting of The University of Texas at San Antonio, St. Philip's College, Palo Alto College, San Antonio College, Incarnate Word College, Our Lady of the Lake University, Trinity University, St. Mary's University and local school districts has conducted the San Antonio Prefreshman Engineering Program (PREP). The purpose of this program has been to identify high achieving middle school and high school students of the Greater San Antonio area who are potential engineers or scientists and to give these individuals needed reinforcement to successfully pursue future college engineering and science studies. Women and minority students are special target groups.

Since 1986, PREP has been replicated at Texas colleges and universities in Amarillo (Amarillo College), Austin (Huston-Tillotson College), Brownsville (The University of Texas at Brownsville), College Station (Texas A&M University), Corpus Christi (Del Mar College), Dallas (Texas Woman's University), Edinburg (The University of Texas-Pan American), El Paso (The University of Texas at El Paso), Houston (University of Houston - Downtown), Laredo (Texas A&M International University), and Lubbock (Texas Tech University). The statewide program is called the Texas Prefreshman Engineering Program (TexPREP).

TexPREP is an academically intense eight week summer program which stresses the development of abstract reasoning skills, problem solving skills, and career opportunities in engineering and science. The program participants must commit themselves to eight weeks of intellectually demanding classes and laboratories. The participants are given class assignments and laboratory projects. They also take scheduled examinations including a final examination in each course. All participants are expected to maintain a 75 average or better performance standard during the program. Each student earns a final grade which is reported to his/her school.

In the Summer of 1993, 2198 students successfully completed TexPREP. The program faculty included 56 college faculty members, 65 middle school and high school teachers, 23 college graduates, 5 college students, 17 civilian engineers, scientists and mathematicians, 33 Air Force Officers from the U.S. Air Force Academy, 6 Air Force Officers from local military commands, 6 Naval Officers and 1 Army Officer. Other program staff members included 136 program assistant mentors and 13 junior program assistant mentors. Administrative personnel at the various TexPREP sites totaled 48.

Since a significant number of minority students come from low income families, TexPREP charges no tuition or fees. In this way, low income does not become a barrier for applications. Also, TexPREP has been designated as a work site by the local Summer Youth Employment and Training Program (SYETP) sponsors. Some poverty level participants can earn up to \$600 for their work experience in TexPREP.

Total 1992 TexPREP support was approximately \$2,847,206. Substantial inkind manpower and financial operational support for this year's program came from local, state, and national public and private sectors: colleges and universities, U.S. Air Force and Navy, the State of Texas, Texas Higher Education Coordinating Board Eisenhower Program, National Science Foundation, NASA, Department of Energy, other government agencies, private industry, individuals, professional organizations, local school districts, and PIC/JTPA Summer Youth Employment Training Program Sponsors, and the U.S. Department of Human Services Summer Food Service Program.

Since 1979, 8067 students have successfully completed at least one summer of TexPREP. 79% have come from minority groups underrepresented in science and engineering and 53% have been women. 50% have come from low income families. Participants may return for second and third summer components.

Each summer, TexPREP takes a follow-up survey of former participants. As of Summer 1993, 3365 former TexPREP participants were of college age. Follow-up responses were received from 2264. Their high school graduation rate is 100%. 92% are college students (1638) or college graduates (447). 59% are science or engineering majors at colleges and universities throughout Texas and the United States. 75% of the college graduates are minority and 70% of the science and engineering graduates are minority. Also, 81% of the college students and graduates are Texas college students (1321) or Texas college graduates (380).

In 1994, TexPREP expects to admit 3000 students if adequate program support is realized. Program cost is expected to be \$3,300,000 including financial and inkind support from most of the current benefactors.

TexPREP and San Antonio PREP have received several state and national citations as model intervention programs from the National Research Council Mathematical Science Education Board Report Moving Beyond Myths, the U.S. Department of Energy Mathematics/Science Leadership Development and Recognition Program, U.S. Department of Education, United Negro College Fund, Hispanic Engineer National Achievement Award Conference, The Society of Mexican American Engineers and Scientists (1992 BRAVO Award), Ford Motor Company Hispanic Salute, Lone Star Showcase and Salute to Community Service, The Business-Higher Education Forum of the American Council on Education (a 1992 Anderson Medal Competition Certificate of Merit), the Mathematical Association of America SUMMA Project, and Texas Senate Resolution # 215. Recently, San Antonio PREP was among 6 national finalists for a U.S. Department of Labor Summer Youth Program Presidential Award.

1993 FOLLOW-UP SURVEY OF FORMER TexPREP PARTICIPANTS

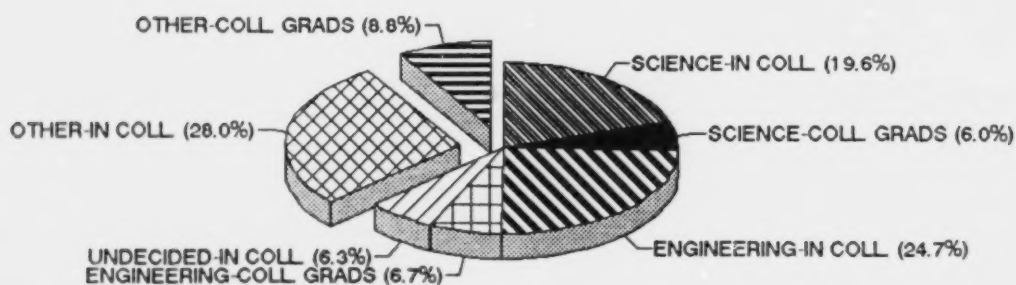

3,365 former participants are of college age. In our current annual follow-up survey of former participants, 2,264 of the college age former participants responded. Their high school graduation rate is 100%. 92% are college students (1638) or college graduates (447). 59% of the college graduates are engineering or science majors. 75% of the college graduates are minority and 70% of the engineering and science graduates are minority. 81% of the college students and graduates are Texas college students (1321) or Texas college graduates (341).

ABSTRACT SUMMARY

The 1993 Texas Prefreshman Engineering Program (PREP) was conducted on the campuses of Amarillo College, Huston-Tillotson College, The University of Texas at Brownsville, Del Mar College, Texas Woman's University at Dallas, The University of Texas-Pan American, The University of Texas at El Paso, University of Houston-Downtown, Texas A&M International University, Texas Tech University, The University of Texas at San Antonio, St. Philip's College, Palo Alto College, San Antonio College, Incarnate Word College, Our Lady of the Lake University, Trinity University, St. Mary's University, Health Careers High School, and Lanier High School. The program participants were middle and high school students from the various school districts of the state of Texas.

All participants were identified and recruited as high achieving students with an interest in learning about the engineering and science professions. The objective of the program was the development of abstract reasoning skills and problem-solving skills. The academic components of the program included: Logic and Its Applications to Mathematics, Algebraic Structures, Probability and Statistics, Introduction to Engineering, Introduction to Computer Science, Introduction to Physics, Introduction to Technical Writing, Problem Solving Seminars, and Career Awareness Seminars. In addition, Lubbock PREP offered their students a Business Option.

The program staff included 56 college faculty members; 65 middle school and high school teachers; 23 college graduates; 5 college students; 17 professional engineers, scientists, and mathematicians; 7 Naval Officers; 6 five-week Air Force Officers from local military bases; 33 five-week Air Force Officers from the United States Air Force Academy; and 1 Army Officer. Other program staff members included 136 program assistant mentors and 13 junior program assistant mentors. Administrative personnel at the various TexPREP sites amounted to 48 staff members.

Substantial inkind manpower and financial operational support for this year's program came from other higher education institutions, private industry, local school districts, military commands, and other government agencies.

Support for participants of low income families came from local Summer Youth Employment and Training Program sponsors throughout the state and a National Science Foundation Young Scholars Program Grant. The NSF grant also provided stipends for participants from low income families.

1993 TexPREP also participated in the Summer Food Service Program sponsored by the Texas Department of Human Services which provided free breakfast and lunch to most of the participants.

The Texas Education Agency approved state elective high school graduation credit ($\frac{1}{2}$ or 1 credit) for successful completion of 1993 PREP.

1993 TexPREP completed a follow-up survey of former participants. 3,365 former TexPREP participants were of college age. Replies were received from 2,264. A summary of responses is the following: the high school graduation rate is 100%; 92% are college students (1638) or college graduates (447); 59% of the graduates are engineering or science majors; 78% of the college students are minority and 75% of the science and engineering majors are minority; 85% are Texas college students (809) or Texas college graduates (380).

DESCRIPTION OF PROGRAM

A. PURPOSE AND GOALS

The purpose of the Texas Prefreshman Engineering Program (PREP) is to identify high achieving middle and high school students with the potential and interest in becoming engineers and scientists and to guide them toward acquiring knowledge and skills required for success in their professional aspirations. PREP is an academically intense eight week summer program which stresses the development of abstract reasoning skills, problem solving skills, and their application. A broader purpose of PREP has become to encourage minority students who are talented in mathematics and science to continue through college with majors in these fields and to reverse the negative attitude women and minorities have toward science, math and engineering.

The goals of the program are to increase the number of competently prepared students throughout the state of Texas who will ultimately pursue engineering and science studies in college and to increase the retention rate of these students as they progress through college by:

- * acquainting these students with professional opportunities in engineering;
- * reinforcing the mathematics preparation of these studies at the secondary school level;
- * creating an environment in which talented students are encouraged to discover, learn and achieve.

PREP also aims at contributing to the educational and economic development of the state by encouraging the participation of the multicultural population of Texas.

B. ACADEMIC COMPONENTS

Following is a brief description of the PREP academic components:

1. Logic and Its Applications to Mathematics - Compound statements, truth tables, elementary set theory, boolean algebra and switching networks; Required of first year participants.
2. Algebraic Structures - The study of groups, rings and fields using the systems of integers and rational numbers as models; Derivation of algebraic properties of these systems; Required of second year participants.

3. Introduction to Probability and Statistics - Introduction to probability, probability models, descriptive statistics, analytical statistics and simple regression; Required of third year participants.
4. Introduction to Engineering - Lecture/laboratory class with the following topics: The Engineering Profession, measurements, simple mechanics, work-energy and engineering design; In-class and laboratory demonstrations of engineering principles and team designs of bridges, towers, and gliders; Required of first year participants.
5. Introduction to Computer Science - Lecture/laboratory class focusing on: introduction to computers, explanation of basic hardware and software applications; Solving problems by developing algorithms and using flow charting; Writing programs in BASIC, FORTRAN, Pascal, PL/I; Required of first year participants.
6. Introduction to Physics - Lecture/laboratory class focusing on: Mechanics-units and physical quantities, equilibrium of a particle, motion in a straight line, Newton's Second Law, motion in a plane, work and energy, inertia and momentum, equilibrium; Electricity and magnetism-Coulomb's Law, electric field, potential, capacitance, current, resistance, electromotive force, direct current circuits, magnetic fields; Laboratory-friction linear air track, free-falling bodies, multiflash photography, conical pendulum, capacitors in series and parallel, resistors in series and parallel, Ampere's Law; Required of second year participants.
7. Introduction to Technical Writing - Lecture/lab class focusing on the methods for clear and effective writing: invention, assessment of purpose and audience, organization and development, grammar, and mechanics; Use of library and reference sections for research; Required of third year participants.
8. Topics in Problem Solving - A daily small group seminar class dealing with formulation of word problems and problem solving techniques and strategies geared toward the students' mathematics level; Required of all participants.
9. Research and Study Sessions - A small group class that provided students with time to work on class assignments, computer projects, writing assignments, engineering model projects, or personal development activities such as resume writing, notetaking, stress reduction, building self esteem, following directions, college researching, and career planning.
10. Career Awareness Presentations - Presentations by invited professionals from the community such as scientists, engineers, mathematicians, doctors, lawyers, business leaders, and community leaders who introduced the students to different career opportunities and demonstrated the importance of math and science in their careers; They also discussed professional responsibilities and ethics.
11. Field Trips - Participants attended educational tours related to science and engineering. Previous trips have included the following: military commands, power plants, planetariums, manufacturing plants, The University of Texas at Austin, Texas A&M University, Sea World of Texas, oil refineries, zoos, research centers, waste water management sites, and hospitals.

12. Special Days - Special project days are held for some of the components some of which included Engineering Day, Physics Day, and Problem Solving Day. All activities scheduled reinforced the skills and concepts presented by program instructors throughout the summer.
13. Practice TAAS and SAT Examinations - Practice examinations were administered at the different student academic levels.

C. **RECRUITMENT OF PARTICIPANTS** (September 1, 1992 - May 28, 1993)

The various PREP Offices throughout the state contacted all middle schools and high schools in and around their respective areas and compiled an updated school mailing list that included principals, counselors, math department chairs, and parent-teacher association presidents.

All public and private middle and high schools in and around the individual TexPREP sites received an adequate amount of brochures, student applications, teacher/counselor nomination forms, and lunch disclosure forms in early December.

During January and February, PREP staff members visited predominantly minority middle and high schools to discuss PREP with prospective participants, their teachers, counselors, and parents. Recruitment letters and application packets were also sent to agencies, churches, and community groups who work within the minority population of each site.

Even though the program is open to all who qualify, special efforts were made to recruit female students and students from minority groups traditionally underrepresented in the professional engineering and high technology areas.

E. **PROGRAM OPERATION**

On June 7 and 8, a staff workshop was held at UTSA for all TexPREP staff. Topics presented were: Program Operations, Curriculum Overview, Summer Food Service Program, Sexual Harassment, and Civil Rights. On June 9, staff members reported to their assigned site and began preparing for the arrival of the participants.

The opening day of the program for most sites was June 14. However, due to conflicting schedules with various school districts, some TexPREP sites started earlier than others. (See **Appendix**

A for each sites' starting day and other related information on the sites.) Each TexPREP sites' opening day was primarily an orientation day for the students. They were introduced to the program, administered a pre-test, and given a tour of their respective campus facilities. A typical daily schedule for first year students and staff was as follows:

9:00	Staff Meeting
9:50	Roll Call
10:00	Guest Speaker
11:00	Logic
12:00	Lunch
12:50	Roll Call
1:00	Engineering or Computer Science
2:00	Problem Solving Seminar
3:00	Research and Study
3:50	Dismissal for non-SYETP Students
4:50	Dismissal for SYETP Students.

This schedule varied slightly for the second and third year participants at the various sites.

Final examinations were given on the last few days of operation. PREP evaluations and post-tests were administered before the end of the program also. See **Appendix B** for results of program evaluations.

All participants received a final grade for their work in PREP. Each student filled out and returned a short memorandum indicating whether the grade was to be released to his/her school for academic credit at their regular school. All sites had Closing Day Ceremonies scheduled for their last day to honor TexPREP graduates, their families, and TexPREP staff.

F. PARTICIPANT INCENTIVES AND ASSISTANCE

The Texas Education Agency has approved state elective high school graduation credit for successful completion of the 1993, 1994, and 1995 PREP's. It is up to the individual school district boards to approve granting this credit and the amount ($\frac{1}{2}$ or 1 credit) to be awarded for this summer's participation. Expectations are that most school districts will approve granting credit for successful completion of PREP.

Through their Summer Youth Employment and Training Programs (SYETP), 12 local Job Training Program Act (JTPA) agencies identified 316 program participants throughout the state of Texas to work with PREP as the summer work sites. These participants each earned between \$500 and \$600 during the summer.

PREP also participated in the Summer Food Service Program (SFSP) sponsored by the Texas Department of Human Services. Through SFSP, most participants received daily free lunch and, in some sites, daily free breakfast.

Through an NSF grant, PREP awarded stipends to non-SYETP participants who met the following criteria: eligible for the school lunch program at their regular school and successful program completion.

G. TEXPREP SITE SUMMARIES

Following is a brief summary of each TexPREP sites' activities for 1993:

AMARILLO

The 1993 Amarillo Prefreshman Engineering Program was conducted on the campus of Amarillo College. Amarillo PREP offered programs for both first and second year students. During the eight week session, guest lectures were offered each week with a field trip every Friday to see math and science in action. Students visited the Pantex Plant, Mason and Hanger-Silas Mason Co., Inc., the Northwest Texas Hospital & Discovery Center, Palo Duro Canyon State Park, Amarillo Gear/Owens Fiberglass, and Texas Tech University.

The "Outstanding Scholar," Jeremiah Brown, Canyon Independent School District, was presented with a \$1,000 scholarship from Mason & Hanger-Silas Mason Co., Inc. Mason & Hanger-Silas Mason Co. has funded the award for four years.

AUSTIN

The 1993 Austin Prefreshman Engineering Program (AusPREP) was conducted on the campus of Huston-Tillotson College for first and second year participants. During the eight week session, trips were made to The University of Texas at Austin engineering schools and Physics Circus, Texas A&M University engineering schools, and Motorola, Incorporated.

Several newspaper articles were generated about AusPREP during the year. The Director and the TexPREP coordinator presented the TexPREP Program at a Subcommittee Meeting of Joint National Meetings of the Mathematical Association of America/AMS in San Antonio in January 1993. The Director and an AusPREP student appeared on a live television show "Reel Life/Teen Focus" in a promotion of AusPREP to a teenage group of students.

At the closing program for AusPREP, the keynote address was delivered by the Honorable Wilhelmina Delco of the Texas House of Representatives.

BROWNSVILLE

The 1993 Brownsville Prefreshman Engineering Program was conducted by The University of Texas at Brownsville in partnership with Texas Southmost College. The Brownsville PREP offered first, second, third, and fourth year programs.

Aside from the daily guest speakers, students participated in special engineering projects: the Bridge Building Project, the Egg Drop Project, Straw Building Project, Catapult Project, Popsicle Sticks Building Project, Model Airplane Project, Logo Design Project, and Research Projects. Special awards were presented to outstanding students in each project as well as for the highest scholastic average of each group, highest scholastic average of SYETP participants, and the highest overall scholastic average by a student. Various field trips were scheduled on Fridays to areas and businesses where engineering plays an important role, such as Trico Technologies, Texas A&I University College of Engineering, Hoechst Celanese Plant - Bishop, U.S. Naval Air Station in Kingsville, Villa Maria High School, The University of Texas at Austin College of Engineering, and NASA in Houston.

CORPUS CHRISTI

The Corpus Christi Prefreshman Engineering Program was conducted at Del Mar College for first and second year participants. The participants participated in various hands-on projects engineering and engineering communications.

Engineers, scientists, and other professionals from private industry and government agencies discussed their careers and career opportunities for the future with the program participants. Friday activities included field trips to the Hoechst Celanese Research Center, practicing the SAT exam, and project field days.

DALLAS

The Dallas Prefreshman Engineering Program was conducted on the Texas Woman's University campus at Dallas. Dallas PREP offered a program for first, second, and third year participants. Fridays were dedicated to field trips to such locations as: The Science Place, J.C. Penney, University of Texas at Dallas, Superconducting SuperCollider, and InfoMart. The students also took part in projects such as the TexPREP Balsa Wood Hook project where students tested hooks built from balsa wood, thread and glue to demonstrate the hook's ability to support weight. The project, coordinated by Dr. Mason Somerville, Dean of the College Of Engineering at Texas Tech University, and sponsored by the Alliance for Higher Education, was one part of an eight week summer course dedicated to assisting students in learning about the principles of science and engineering.

EDINBURG

The Edinburg Prefreshman Engineering Program (Edinburg PREP) completed its eighth summer of operation. It was conducted on the campus of The University of Texas-Pan American and curricula were offered for first, second, and third year students.

Guest speakers did an excellent job of promoting science, engineering and mathematics. A panel was presented, "Engineering as a Profession for Women" by Martha Muniz, an electrical engineer on staff with the UT-PA Engineering Department, Ms. Melissa Luna from the Department of Transportation and Ms. Trish Skeels, Human Resource Manager with Weyerhaeuser Paper Company. Also, Dr. Ellen Ochoa, the first female Hispanic astronaut, was the keynote speaker at the closing ceremony.

EL PASO

The 1993 El Paso Texas Prefreshman Engineering Program was conducted on the campus of the University of Texas at El Paso for first, second, and third year students. Field trips were taken to the Centennial Museum of the University of Texas at El Paso, UTEP College of Engineering, the El Paso Insights Science Museum, and the UTEP College of Science Physics Circus. The program participants received engineering and science hands-on experiences on these field trips.

HOUSTON

The 1993 Houston Prefreshman Engineering Program was conducted on the campus of the University of Houston-Downtown for first, second, and third year participants.

Houston PREP Engineering Field Day at Brown & Root International Services Complex gave the students a chance to test their engineering skills on various group designed and build miniature models. Other projects included bridges built from balsa wood, rubberband powered vehicles (with no design limitations), the "NBA Challenge" which was to be designed for propelling tennis balls into a bucket. Model oil well derricks and missile launching vehicles were also constructed. Also, the program participants were able to tour the Houston Natural Museum and Science, the University of Houston, the University of Texas School of Public Health, the Johnson Space Center (NASA), the Panhandle Complex. The students were also able to spend a morning at Pitman Park observing nature by following a specially prepared, engineering focused, questionnaire.

LAREDO

The 1993 Laredo Prefreshman Engineering Program was conducted on the campus of Texas A&M International University. It offered curricula for first, second, and third year students.

During the eight week session, various guest speakers were able to talk with the program participants. Dr. Richard Stream, Director of Admissions, Texas Academy of Mathematics and Science visited with the program participants.

LUBBOCK

The 1993 TTU/GTE PREP program was conducted on the campus of Texas Tech University and was sponsored by Texas Tech University and the GTE Service Corporation. TTU/GTE PREP offered a first year, a second year, and a third year component. PREP I participants had the option of electing either the business option or the engineering and science option, in which they will remain for the three years.

A special event at TTU/GTE this summer was Career Fair 1993, organized and coordinated by two PREP III participants. Several speakers, covering a wide spectrum of careers, were invited to participate in this mini-conference to convey to the PREP students information about their specific careers.

SAN ANTONIO

1993 San Antonio PREP was conducted on the campuses of The University of Texas at San Antonio, St. Philip's College, Palo Alto College, Our Lady of the Lake University, San Antonio College, Incarnate Word College, Trinity University, St. Mary's University, Lanier High School, and Health Careers High School for first, second, and third year participants. Fields trips included Sea World of Texas, San Antonio Botanical Gardens, San Antonio Planetarium, Fiesta Texas, San Antonio Zoo, and local military commands. Special project days were held which included Engineering Day, Physics Day, and Problem Solving Day. Activities scheduled for Problem Solving Day included PREParty, Clue, Math Olympics, Trivia Pursuit, and Wheel of Fortune. The San Antonio Water System conducted on-site demonstrations in water conservation and waste water management.

The guest speaker for the closing ceremony was Dr. William Cunningham, Chancellor of The University of Texas System. 1993 San Antonio PREP reached a noteworthy milestone: the graduation of a second-generation PREP participant.

More detailed information on each of the TexPREP sites can be found in **Appendix A**.

H. 1993 TEXPREP RESULTS AND ACHIEVEMENTS

Of the 2712 participants who started the program, 2198 successfully completed it. 81% of the program graduates were minorities (American Indian, Black, or Hispanic) and 55% were females. Most PREP sites recognized their top graduates by awarding scholarships, computers, and calculators. All successful TexPREP graduates received a certificate of achievement. See **Appendix C** for statistics and listings of program graduates.

PREP has received several state and national citations as a model intervention program over the years. In November 1992, The Business-Higher Education Forum of the American Council on Education awarded PREP a Certificate of Merit in the 1992 Anderson Medal Competition. Most recently, the Texas Senate recognized PREP's achievements by issuing Resolution #215 in its honor, and PREP was one of 6 finalists nominated nationwide from Summer Youth Programs for a U.S. Department of Labor Presidential Award. PREP was also recognized by the State of Texas in their statewide presentation, "The Best of Texas". See **Appendix D** for a listing of TexPREP awards and other related documentation.

I. PROGRAM RESULTS AND FUTURE EXPECTATIONS

Since 1979, 8067 students have successfully completed at least one summer of San Antonio PREP; 80% have been minority and 53% have been women.

During the Summer of 1993, the PREP Office sent a follow-up survey to all former PREP participants. Of the 3365 participants who are now of college age, responses were received from 2264 participants. The high school graduation rate is 100%. 92% are college students (1638) or college graduates (447). The college graduation rate of PREP participants from earlier years is 80%. 59% of these graduates received engineering or science degrees. 75% of the engineering and science graduates are minority. 85% of the college students and graduates are Texas college students (809) or Texas college graduates (380).

The tables in **Appendix E** summarize the current follow-up information on former participants who are now of college age.

If the current college graduation rate of all PREP graduates and PREP minority graduates prevails, then of the 8067 PREP graduates, at least 80% will graduate from college (6454) and at least 60% will major in science or engineering (4840) of whom 70% will be minorities (3388).

J. COORDINATOR'S COMMENTS

The Summer of 1993 marked the fifteenth year of TexPREP. Like the San Antonio PREP, since 1979, TexPREP operated on a marginal budget.

The development and conduct of each program requires the services of at least a half-time director and a half-time secretary in each location. Efficient and effective operation of TexPREP requires that a minimum level of financial support for each local program be institutionalized and that the operation of the TexPREP Office be institutionalized.

Four new TexPREP college sites are expected to begin in the Dallas-Fort Worth Metroplex in the Summer of 1994 bringing the total number to 22 college locations.

1993 TEXPREP FINANCIAL STATEMENT (ESTIMATE)

SEPTEMBER 1, 1992 TO AUGUST 31, 1993

I. EXPENSES

A.	SALARIES AND WAGES	\$1,542,700
B.	FRINGE BENEFITS	308,540
C.	EMPLOYEE TRAVEL	22,566
D.	PARTICIPANT SUPPORT †	768,936
E.	MAINTENANCE AND OPERATION	76,886
F.	INDIRECT COSTS	118,434
G.	ENCUMBERED	4,111
H.	MISCELLANEOUS	5,033

TOTAL 1993 TEXPREP EXPENSES \$2,847,206

II. INCOME - FINANCIAL \$1,627,403

III. INCOME - INKIND \$1,219,803

IV. **TOTAL 1993 PROGRAM SUPPORT \$2,847,206**

NOTES:

† participant support includes meal, transportation, stipends, scholarships, computer and lab facilities, and field trip costs

FINANCIAL SUPPORT is provided through federal granting agencies, organizations, and individuals. Major financial support is provided for all TexPREP sites through the State of Texas, Texas Higher Education Coordinating Board Eisenhower Program, National Science Foundation, and NASA.

INKIND SUPPORT is an estimated value of services provided through local, state, and national public and private sectors: colleges and universities, military commands, government agencies, private industry, professional organizations, local school districts, PIC/JTPA Summer Youth Employment Training Program Sponsors, and individuals.

ans 110993

1993 TEXPREP SPONSORS AND BENEFACTORS

Below is a list of sponsors and benefactors that provided financial and in-kind support for 1993 TexPREP. Next to each funding source is a two-letter code or an asterisk (*) that represents the city where the support was provided. The code or asterisk (*) symbolizes the following cities:

			SA	A	U	D SD	
"	73	11. The program instructors were accessible.	30	31	8	2 3	4.12
			SA	A	U	D SD	
72	12.	The program assistants were helpful.	39	29	2	1 1	4.44
			SA	A	U	D SD	
"	73	13. I was mathematically prepared to participate.	18	31	17	6 1	3.81
			SA	A	U	D SD	
73	14.	The program lived up to my expectations.	22	34	10	5 2	3.95
			SA	A	U	D SD	

15. The daily length of this program was

19 too long 50 just right 03 too short (1) No Answer

16. The duration of this program was

34 too long 34 just right 04 too short (1) No Answer

17. Please assign numerical assessment to the various components of the program in your current PREP year.

3 = greatly increased my knowledge
2 = increased my knowledge
1 = I learned nothing new

TOPIC	MEAN
44,15,06 Logic	2.30
10,49,06 Intro. to Engineering	1.86
35,30,07 Intro. to Comp. Sci.	2.38
28,33,08 Problem Solving Seminar	2.19
18,32,15 Research and Study	1.84
09,47,17 Guest Speakers	1.91
24,40,04 Field Trips	2.17
— SAT Test	

18. Please give an assessment of your interest in the various components of the program for your current PREP year.

5 = very interesting
4 = interesting
3 = undecided
2 = uninteresting
1 = most uninteresting

28,25,9,1,2 Logic	3.75
10,29,8,2,5 Intro. to Engineering	3.18
31,23,10,2,2 Intro. to Comp. Sci.	4.31
19,29,1,4,0 Problem Solving Seminar	3.08
6,29,18,11,2 Research and Study	3.11
3,10,25,11,15 Guest Speakers	2.32
28,24,14,5,1 Field Trip	4.01
— SAT Test	

19. State your recommendation to improve the PREP Program. (optional)

Provide real food at lunch, and take away Logic and Engineering. Program should be 6 weeks. No Guest Speakers. Course too long. More organization; better field trips. Get rid of Abstract Algebra. No monotone talking people. Longer lunch periods. Shorter program.

20. Other comments. (optional)

I wish to return next year. Could you have a third year for second year students. I would like to come back for the second year and third year. Students who don't qualify for free money should be given a little anyway. I am a second year student; I would like to be a PA for next year, or a messenger. I would like to return for second year, but no third year. I haven't decided to return for the third year. I might like to return for a third year.

AusPREP

AusPREP Summer of 1993

Second Year Participants
n= 19

Please check the appropriate school grade in the 1992-93 academic year:

___5th ___6th 2 7th 4 8th 11 9th 2 10th ___11th

Please respond to the statements below. Your input may help us offer a better program in the future. Circle the appropriate comment for each item using the scale below:

5 = SA ---Strongly Agree
4 = A ---Agree
3 = U ---Undecided
2 = D ---Disagree
1 = SD ---Strongly Disagree

4.4	1.	The mathematics in this program reinforced my previous knowledge of mathematics.	SA	A	U	D	SD

 Dr. Dean Presnall - Geochemist
 Mr. Chris Hunter - Architect
 Dr. Curtis Chubb - Neuroscientist

20. Other comments.

"It was an extremely informative program and a lot of fun, too! The program was challenging and new for me but it wasn't so hard that I felt like just quitting or anything. I also got a chance to make new friends and meet new people. What I really liked was learning about opportunities for other programs like TAMS and TexPREP, and scholarships! I'm looking forward to coming back next summer and the summer after that if I can!"

"The TexPREP program was very interesting and challenging. I enjoyed spending my summer with the PREP people. I really learned a lot and I hope to come back next year."

"Would highly recommend program to friends."

"I enjoyed the program mainly because I enjoy meeting new people and being intellectually challenged."

"Program has improved my knowledge. I had a very good summer."

"The TexPREP program has given me something to do this summer. But it was a tad long, maybe it could be a week or two shorter."

"The program was very good and I enjoyed myself. Thanks for a very good summer."

STUDENT EVALUATIONS

PREP I Student Survey

Listed next is the PREP I survey and the results of that survey. Using the scale: SA=5, A=4, U=3, D=2, and SD=1, the responses of the students are indicated as highlighted. Eighty-three students took this survey.

Please respond to the following nine statements. Your input may help us offer a better program. Circle the appropriate comment for each item.

SA - - Strongly Agree
A - - Agree
U - - Undecided
D - - Disagree
SD - - Strongly Disagree

1. This program improved my knowledge of mathematics.	4.35	SA	A	U	D	SD
2. This program improved my knowledge of computer science.	4.35	SA	A	U	D	SD
3. This program improved my knowledge of Texas Tech University.	4.20	SA	A	U	D	SD
4. This program improved my knowledge of science.	4.38	SA	A	U	D	SD
5. This program improved my knowledge of engineering (or business).	4.29	SA	A	U	D	SD
6. This program stimulated my thinking.	4.16	SA	A	U	D	SD
7. This program was challenging.	4.65	SA	A	U	D	SD
8. I worked hard in this program.	4.09	SA	A	U	D	SD
9. I will recommend this program to others.	4.09	SA	A	U	D	SD

On the following two questions, please circle the appropriate response - a, b, or c.

10. The daily length of this program was

a. too long 46% b. just right 48% c. too short 6%

LUBBOCK PREP I cont...

11. The duration of this program was

a. too long 45% b. just right 46% c. too short 9%

The next question asked on the PREP I survey was: Please share with us your reaction to our guest speakers. Listed next are selected responses:

"They are fun, educated, and interesting."

"They were very interesting."

"They made learning fun."

"I particularly liked the physics circus."

"Some were fun and unique, but others were boring."

The next question asked was: Do you have any comments about your courses? Listed next are selected responses:

"They were challenging."

"I really enjoyed computers."

"They were very stimulating."

"They were very hard but I enjoyed them."

The next question asked was: Do you have any comments about your instructors? Listed next are selected responses:

"They were nice and fair."

"They're all great instructors."

"Should have more hands-on experiments."

"They were really fun."

The last question asked was: Any additional comments? Listed next are selected responses:

"Thanks for letting me come."

"This program is fun and I like it a lot."

"Lunch should be longer."

"The program is too long."

"I would recommend this program to friends."

LUBBOCK

PREP II Student Survey

The first question asked on the PREP II survey was: Please share with us your reaction to this year's program. Listed next are selected responses:

- "I thought it was fun."
- "It was very interesting."
- "I enjoyed it."
- "I learned a lot."
- "It was a great experience."

The next question asked was: Do you have any comments about your courses? Listed next are selected responses:

- "Engineering was a good class."
- "Some of the courses are too hard."
- "Very hard and challenging."
- "They were quite educational."

The next question asked was: Do you have any comments about your instructors? Listed next are selected responses:

- "Most teachers are fine."
- "Most teachers were fair and easy to understand."
- "They taught really well and I learned a lot."
- "They were very helpful to me."
- "They were fun."

The last question asked was: Any additional comments? Listed next are some selected responses:

- "Make PREP shorter."
- "I look forward to coming back."
- "I fully intend to come back next year."
- "It should be six weeks."
- "Add more options."
- "It was fun."

LUBBOCK

PREP III Student Survey

The first question asked on the PREP III survey was: Please share with us your reaction to this year's program. Listed next are selected responses:

- "I loved PREP and will miss it."
- "Too bad there is not a PREP 4."
- "I feel that this year was a great success."
- "This year's program was very challenging."
- "Too fast but enjoyable."
- "This year's program was interesting and educational."
- "I enjoyed this year's program."

The next question asked was: Do you have any comments about your courses? Listed next are selected responses:

- "I liked them and learned a lot."
- "I really liked calculus."
- "Most of them were ok."
- "They were interesting and I enjoyed them."
- "They were all worth coming for."
- "The courses were very challenging."
- "Calculus and probability were interesting."

The next question asked was: Do you have any comments about your instructors? Listed next are selected responses:

- "They did a superb teaching job."
- "My instructors were all pretty cool."
- "Some were fun, some were not."
- "I enjoyed all my teachers."
- "The instructors encourage me throughout all this program."
- "I liked them all but at times they could be boring."
- "They were all nice and helpful."

The last question asked was: Any additional comments? Listed next are selected responses:

- "Keep up the good work."
- "This is a great program for students interested in math and science."

LUBBOCK PREP III cont...

"This program has really changed the way I look at school... I actually like math now!"

"I was a great experience, and I will recommend it to anybody who is interested in math and science."

"Keep up the good work."

**SAN ANTONIO
PROGRAM EVALUATION
(PREP I)**

Do not write or mark on this form.

On the scantron provided indicate the grade level which you have just completed using the following scale:

1. A = 5th B = 6th C = 7th D = 8th E = 9th AB = 10th AC = 11th
 (0) (263) (123) (134) (36) (20) (0)

Please respond to the statements below. Your input may help us offer a better program in the future. Mark the appropriate response on the scantron using the following scale:

A = SA -- Strongly Agree (5)
B = A -- Agree (4)
C = U -- Undecided (3)
D = D -- Disagree (2)
E = SD -- Strongly Disagree (1)

		<u>A</u>	<u>B</u>	<u>C</u>	<u>D</u>	<u>E</u>	
2.	This program has been an intellectual challenge for me.	SA	A	U	D	SD	4.17
3.	This program has improved my problem solving skills.	SA	A	U	D	SD	4.12
4.	This program helped me develop my listening and note-taking skills.	SA	A	U	D	SD	3.89
5.	The guest speakers in the program made me realize the importance of education.	SA	A	U	D	SD	3.80
6.	This program has reinforced my desire to study engineering, science or math.	SA	A	U	D	SD	3.91
7.	I worked to my fullest potential in PREP.	SA	A	U	D	SD	3.93
8.	The program material has been presented in a well organized manner.	SA	A	U	D	SD	4.05
9.	The program instructors taught the course material well.	SA	A	U	D	SD	4.04
10.	The program assistants (P.A.'s) were helpful.	SA	A	U	D	SD	4.31
11.	I feel that I was placed in the appropriate seminar group.	SA	A	U	D	SD	4.14
12.	PREP has helped me become more organized and responsible academically.	SA	A	U	D	SD	3.82
13.	During the program, I was able to work effectively with others as part of a team.	SA	A	U	D	SD	4.22

SAN ANTONIO PREP I cont...

	A	B	C	D	E	
14. During the program, I was able to complete and submit all of my assignments on time.	SA	A	U	D	SD	3.99
15. I feel that I learned better by using hands-on techniques.	SA	A	U	D	SD	4.07
16. I feel that the personal counseling was a good idea for the PREP students to have access to.	SA	A	U	D	SD	3.90
17. The chances of me applying to PREP next year are very high.	SA	A	U	D	SD	4.08
18. I consider myself a better student now (after completing PREP).	SA	A	U	D	SD	3.82
19. I have a better understanding of what is required of college students.	SA	A	U	D	SD	4.27
20. I feel that I wasted my summer.	SA	A	U	D	SD	2.40
21. PREP lived up to my expectations.	SA	A	U	D	SD	3.71
22. The daily length of this program was:						2.30
(A) too long (1) (B) just right (2) (C) too short. (3)						
23. The duration of this program was:						2.35
(A) too long (1) (B) just right (2) (C) too short. (3)						

For numbers 24-30 please give an assessment of your interest in the various components of the program using the following scale:

A = very interesting (5)
 B = interesting (4)
 C = undecided (3)
 D = uninteresting (2)
 E = most uninteresting (1)

24. Logic and Its Application to Mathematics						4.21
25. Introduction to Engineering						4.08
26. Introduction to Computer Science						3.63
27. Problem Solving Seminar						3.84
28. Research and Study						3.84
29. Guest Speakers						3.41
30. College Preparatory Tests (e.g. SAT Test, TAAS Test)						3.51

Please provide as much information as possible for numbers 31 & 32. The PREP program appreciates your input. (YOU MAY WRITE ON THIS FORM)

31. State your recommendation(s) to improve the PREP Program. (optional)

Many students found PREP to be an interesting experience and were satisfied with everything. However, there were some students who suggested the following recommendations:

- 1) better food choices with a wider variety
- 2) more field trips that are fun and educational; some even suggested to have fund-raisers to help out
- 3) better speakers or less time given to them, so that time could be used for more classroom work
- 4) offer a broader range of science courses with Chemistry
- 5) more time for engineering, computer science, projects, lab work, and hands on activities
- 6) more activities and usage of campus facilities (library, gym, pool)
- 7) lastly, students would like to receive more recognition--those that don't get paid would at least like to receive awards or medals

32. Other comments. (optional)

The most comments made were grouped as follows:

- 1) First, and most prominent of the majority of the students was that they truly enjoyed the PREP program. They thought it was an excellent educational experience that taught them responsibility and new learning experiences that would enrich their skills for the future. They are glad there is a program like PREP.
- 2) They liked the teachers, the PA's and they enjoyed meeting new people.
- 3) They would also like more field trips and more activities (sports, free time....)

1993 TEXPREP - EL PASO GRADUATES

SIXTH GRADE

1. Dominguez, Octavio

SEVENTH GRADE

1. Alderete, Jesus
2. Avila, Janeth
3. Boureslan, Salim
4. Contreras, Henry
5. Damasco, Victor
6. Loera, Amy
7. Maldonado, Francisco
8. Navarro, Herminia
9. Petties, Shemiki
10. Reta, Nadia

EIGHTH GRADE

1. Aguirre Alma
2. Arriaga, Mirna
3. Barraza, Veronica
4. Camacho, Linda
5. Carrasco, Charlene
6. Chavez, Miguel
7. Cortez, Myrna
8. Cruz, George
9. De Anda, Sixto
10. Delgado, Claudia
11. Esparza, Abel
12. Estrada, Alicia
13. Flores, Antonieta
14. Gandara, Maria
15. Jemente, Manny
16. Jimenez, Arturo
17. Killenbec, Kathi
18. Kummerl, Teresa
19. Lopez, Nancy
20. Lopez, Vanessa
21. Mondragon Barbara
22. Morales, Erik
23. Moreno, Rosa
24. Nelson, Jamaica

25. Nieto, Joe
26. Ozuna, Gabriel
27. Prieto, Brenda
28. Ramirez, Roxana
29. Reyes, Rene
30. Rodriguez, Cristobal
31. Romero, Paul
32. Shark, Maricruz
33. Whitten, Michelangelo

NINTH GRADE

1. Arellano, Ismael
2. Armendariz, Iris
3. Carrillo, Thelma
4. Cenicerros, Yvette
5. Daniel, Rick
6. Dominguez, Arturo
7. Estrada, Clara
8. Gamez, Pablo Jr.
9. Gutierrez, Carlos
10. Luna, Richard
11. Mills, Naomi
12. Monje, Aracely
13. Oggs, M'Lia
14. Quezada, Tanya
15. Rivera, Myriam
16. Rocha, Corime
17. Serrano, Sandra
18. Sutton, Sean
19. Torres, William
20. Villa, Margarita
21. Villalva, Lorena
22. Williams, Ebonika
23. Williams, Lashana

TENTH GRADE

1. Hernandez, Fernando

APPENDIX D

TEXPREP CITATIONS AND AWARDS
TEXPREP PUBLICITY

PREP and TexPREP Citations and Awards

1. **TexPREP.** In December 1986, the 1986 TexPREP was designated as a exemplary EESA Program by the Department of Education
2. **San Antonio PREP.** In March 1987, The United Negro College Fund, Inc. presented the program with the Fred D. Patterson Award for rendering outstanding service in the interest of and the support of the minority community.
3. **San Antonio PREP.** Programs that Work, Change, May-June, 1988, PREP is cited as one of 14 successful national intervention programs.
4. **TexPREP.** Higher Education Opportunity Plan for a Multicultural Texas. Educational Opportunity Planning Committee of the Texas Coordinating Board for Higher Education, Page 26, 1988. TexPREP is cited as a specific successful program which prepares minorities for college science and engineering studies.
5. **TexPREP.** In October 1989, TexPREP received an Educational Award from the Hispanic Engineer National Achievement Awards Conference.
6. **San Antonio PREP.** In November 1989, San Antonio PREP received a 1989 Imagineer Award from the Mind Science Foundation of San Antonio.
7. **San Antonio PREP.** Teaching Programs that Work. Retiring Presidential Address of Dr. Leonard Gillman to The Mathematical Association of America, FOCUS, January-February, 1990. Dr. Gillman cited San Antonio PREP as one of five mathematics-based programs which have successfully provided access for minorities to science and engineering.
8. **TexPREP.** In August 1990, The Society of Mexican-American Engineers and Scientists presented the TexPREP Coordinator with the Engineering Educator of the Year Award.
9. **TexPREP.** In 1991, National Research Council Mathematical Science Education Board report, Moving Beyond Myths, cited TexPREP as an exemplary minority intervention program.
10. **San Antonio PREP.** In May 1991, the U.S. Department of Energy presented San Antonio PREP a Mathematics/Science Leadership Development and Recognition Program Award.
11. **TexPREP.** In 1992, The Society of Mexican-American Engineers and Scientists presented the TexPREP coordinator with the annual BRAVO Award.
12. **San Antonio PREP.** In August 1992, the Ford Motor Company Hispanic Salute presented San Antonio PREP with the Education Award.
13. **TexPREP.** In September 1992, TexPREP was selected as a 1992 Star of Texas in the Lone Star Showcase and Salute to Community Service.
14. **San Antonio PREP.** In November 1992, The Business-Higher Education Forum of the American Council on Education awarded San Antonio PREP a Certificate of Merit in the 1992 Anderson Medal Competition.
15. **TexPREP.** In February 1993, Texas Senate Resolution #215 commended the work of TexPREP.
16. **San Antonio PREP.** In October 1993, San Antonio PREP was one of 6 finalists nominated nationwide for a U.S. Department of Labor Summer Youth Program Presidential Award.
